

EVER350 FRONT/BACK SHELF

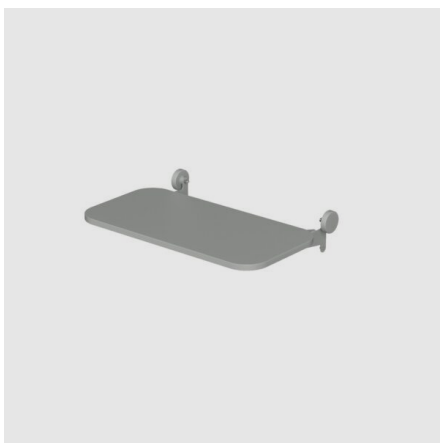

Clever and versatile for maximum functionality.

Max 10 kg. 600 x 300 mm.

For EVER 350 & 350 Air*

Create more space for your equipment. The shelf can be placed on the front or the back side of the stand. It is easily installed using the exterior mounting slots in the pillars and possible to adjust to any height using the highly accessible knobs. 16 mm MDF with paint and clear coating.

*For 350 Air the placement is limited to the bottom part of the stand.
